Good afternoon,

As you may recall, I am the examining attorney assigned to the above-referenced file. There are issues preventing the application from being approved, but with your authorization, these can be resolved by email.

### **Identification of Goods and Services**

Specifically, it appears that a couple minor identification issues slipped through the cracks as the identification of goods and services remains indefinite and clarification is required. Clarification can be achieved by an amendment to the Identification of Goods and Services. **You may adopt the following for your identification of goods and services, if accurate:**

“Downloadable computer application software for blockchain-based platforms, namely, software

platforms for distributed applications and software using a consensus engine incorporating blockchain technology for securing data with cryptographic information; Downloadable computer software for connecting users to third party cryptocurrency services; Downloadable computer software for connecting users to third party identity verification services; Downloadable user identity authentication and verification software; Downloadable user identity authentication and verification software for purposes of uniqueness verification, proof-of-personhood, Self-sovereign identity (SSI), Sybil-resistant consensus for human identification, identity verification, cryptocurrency wallet creation, cryptocurrency deposit, and assisting users in complying with associated regulatory requirements; Computers and electronic devices for user identity authentication and verification; Computers and electronic devices for user identity authentication and verification for purposes of uniqueness verification, proof-of-personhood, Self-sovereign identity (SSI), Sybil-resistant consensus for human identification, identity verification, cryptocurrency wallet creation, cryptocurrency deposit, and assisting users in complying with associated regulatory requirements; Identification equipment for individuals, namely, optical apparatus and instrumentation for recording and processing sound, images, and data; Identification equipment for individuals, namely, optical apparatus and instrumentation for recording and processing sound, images, and data for purposes of uniqueness verification, proof-of-personhood, Self-sovereign identity (SSI), Sybil-resistant consensus for human identification, identity verification, identity verification, cryptocurrency wallet creation, cryptocurrency deposit, and assisting users in complying with associated regulatory requirements; Computers and electronic devices for the dispensing cryptocurrency and generating cryptocurrency wallets, and recorded and downloadable computer software for operating such devices; Data terminals, namely, mobile data terminals, handheld terminals, **portable** countertop terminals, portable terminals; Point of sale terminals; Electronic biometric identification data **recorders**,” in International Class 009;

“Providing on-line non-downloadable computer software and a website **featuring technology** for connecting users to third party cryptocurrency services; Providing on-line non-downloadable computer software and a website featuring technology for connecting users to third party identity verification services; Providing on-line non-downloadable computer software for payment authentication and secure transaction verification; Providing on-line non-downloadable computer software for user identity authentication and verification; Providing on-line non-downloadable computer software for user identity authentication and verification for purposes of uniqueness verification, proof-of- personhood, Self-sovereign identity (SSI), Sybil-resistant consensus for human identification, identity verification, identity verification, cryptocurrency wallet creation, cryptocurrency deposit, and assisting users in complying with associated regulatory requirements

With your authorization, I would be happy to enter the suggested change for you today so that the application may proceed without undue delay and costs.

**If you would like me to make this change for you today to avoid a refusal of registration, just reply to this email with "OK."**

Thank you so much for your prompt cooperation!

Best regards,

MSD
